Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. Our service is completely free for everyone. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of filesthat can be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to shareyour files with. The cost of that data transfer is covered by your internet service or the data plan on your phone. This is easy, fast and reliable filehosting! Youdon't need any kind of premium-accounts. We have no file size limit. Unfortunately, we can't make that part free. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). Noaccount or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. File is free touse with no gotchas and no hidden fees. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private,or send your download links only to friends or family. There are no restrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Files can be downloaded from any computer from ourhigh speed servers. You can give this download link to your friends by mail or instant messenger. So try our free and simple filehosting service now. Simplyupload your file and share the link. It is also allowed to link to the download page from websites and communities. You don't need any special softwareinstalled to be able to download your files. Just upload the file you want to share with your friends and we send you a download link to your file. Using file, youcan circumvent those limits without paying to upgrade your team chat service.
