Maybe even better than free.

You can give this download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You decide who you want to share your files with. Keep your files private, or send your download links only to friends or family. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. filehosting provides an easypossibility for you to send large files to your friends. Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need anykind of premium-accounts. Just upload the file you want to share with your friends and we send you a download link to your file. You can upload any type offile (movies, music, documents, images, zip files and more). If only we could, we surely would! On the other hand, using file can actually save you money. Wehave no file size limit. You don't need any special software installed to be able to download your files. There are no restrictions on the number of times a filecan be downloaded. Using file, you can circumvent those limits without paying to upgrade your team chat service. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites andcommunities. Simply upload your file and share the link. Our service is completely free for everyone. So try our free and simple filehosting service now. Whypay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. Any file in any format can be uploaded and downloaded for free.
