Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. Unfortunately, we can't make that part free. Keep your files private, or send your download links only to friends or family. So try our free and simple filehosting service now. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. You decide who you want to share your files with. If only we could, we surely would! On the other hand, using file can actually save youmoney. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You can upload any type of file (movies, music,documents, images, zip files and more). Alternatively you can choose to share your download links on blogs, forums and social networking sites. Simply uploadyour file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Our service is completely free foreveryone. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. You can give this download link to your friends by mail or instant messenger. We have nofile size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. File is free to use with no gotchas and no hiddenfees. filehosting provides an easy possibility for you to send large files to your friends. Just upload the file you want to share with your friends and we send youa download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to thesize of files that can be transferred within their apps. Any file in any format can be uploaded and downloaded for free. There are no restrictions on the numberof times a file can be downloaded. No account or credit card is required to get started.
